

District 31 Advanced Clubs

What are they?

Advanced clubs are for current Toastmasters members who want to take their speaking abilities to the next level. These clubs are designed to provide Toastmasters who have earned the Competent Communicator award another forum for development. Advanced clubs generally have longer meetings and allow for more complex presentations. An evaluation for each speech is given by all toastmasters and is generally more in depth. A Toastmaster must be a member of a regular club in addition to being an advanced club member.

Who can join?

Toastmasters who already have a CTM / CC (or higher) award

Why join?

- Learn from other senior Toastmasters members (many who have DTM and District officers)
- Feedback for each speech is in-depth, dynamic and delivered by the group. You can improve your speaking quicker and more effectively.
- Learn to give better feedback
- Opportunity to deliver longer speeches (great for those working on their advanced speech manuals)
