A Two Day University will Sponsor Three Tracks

- ***“Discover the Insider Secrets of Professional Speaking & Presenting”***
- ***“Sustaining Your Speaking Career”***
- ***“Building & Promoting A Speaking Business”***

***Read What other Toastmasters have said about their
experiences at NSA New England Programs***

Don Saracen: “Fast Track far exceeded my expectations because of three key elements: 1) the overall programming and facilitation; 2) the speakers and their content; 3) the whole group dynamics of our class. All of this created a memorable experience.

John Chapin: “The program gave me the tools necessary to start and succeed in my own speaking business.” “Without this program and the people I’ve met, I would be CLUELESS and LIGHT YEARS behind where I am. This was an ABSOLUTE GOD SEND!!!”

Betsy Trethewey: “Fast Track and NSA-NE have elevated my knowledge, professionalism, quality of product, skills, and the business and ‘craft’ of speaking to higher levels of achievement.” Betsy’s plans moving forward include re-introducing her speaking/training company to the market under a “new label” and high performance content.

Ha Tran: “FastTrack has given me the tools I need as well as helped train and develop the skills I need as an inspirational speaker.”

Mary Cheyne: “This program has allowed me to break down my action plan in creating my business. I’ve also learned tips of the business directly from those who are successful in the speaking business.”

Paul Fisher: I gained substantial, quality knowledge at each session and learned powerful ‘keepers.’

PROFESSIONALLY
